Re: SMITH, Charlie
Baycrest Health Records # _____
DOB _ June 19__

To Whom It May Concern:

I am a physician, duly licensed in the province of Ontario. Mr. Smith has been diagnosed with frontotemporal dementia, a progressive illness, at my clinic. I was asked by his wife, Jane, to produce this letter. Frontotemporal dementia has effects on judgment and impulsivity that can endanger a family's finances. As a result, I recommend that Mr. Smith not make financial decisions independently. I therefore support his wife's active participation as power of attorney for financial decision-making.

Sincerely,

[Dr.'s name and titles]
